

Scott Geiselhart is a 20+ year veteran firefighter, father, and a former auto repair shop owner. And he is a PTSD, meth, and suicide attempt survivor.

You and all those you serve with need to hear how he escaped near death on his road to discovery and recovery from his post-traumatic stress disorder.

Scott reached out. He made the call to make things better.

Now he's speaking out with his life-changing story that he hopes will save another responder so they too can see in color again.

“I see in color again.”
